“ Celia and Garth, I was shocked and saddened to learn only today, March 31st, of Gordon's passing. What a loss for all of us who knew and loved him! He was a respected mentor and I learned much about life and living in the many conversations we had over the years. His love of medicine and aviation, his business acumen, his great sense of humor and his love for family made him a truly unique gift that we will miss. Peace and comfort to you all during this Holy Week.

“ Celia, Greg, Garth and Family:
First, my condolences go out to you and your family. I pray you all find peace during this time of grieving. May strength, love and peace fill your home knowing Gordon was loved by all who had the chance to know him and meet him.
I had the pleasure of meeting the Ritter Family in 1982 and was immediately treated like family. Gordon, you will be missed but never forgotten! You had a great sense of humor and were very supportive in the many conversations we shared about life and business.
I know you are looking over your family from Heaven and your smile rains down on them.
God Bless.

“ Celia,

I was in Montana for the funeral of Cory(died Mar. 9 2015) when I learned of Gordons passing, I'm so saddened and sorry for your loss. I have thought about you often over the years since leaving Bullhead. I'm sure Opal and Henry were waiting for Gordon at those Pearly Gates along with many others. May he rest in peace. You and your family are in our thoughts and prayers.

“ Gordon I am so sorry to hear of your passing. We shared many years together and walked many paths...all with a twinkle in your eye, a smile on your face and open heart for all. You have crossed my mind many times over the last year or so as I have tried to work through some tricky therapeutic processes. You will always be in my heart and I will always remember your smile. On to your next adventure.... fly high....

“ My dear cousin will be greatly missed! One of the driving forces in our family! I personally am grateful for his diligence in searching for the cure and then curing the ear infections I had as a child which prevented me from hearing from age 3 to age 7 allowing my hearing to be fully restored by age 14. Love to you all! Beth

“ Dr. Ritter was my first Doctor in Bullhead, in 1972. Dr. Ritter and Mike Paschal PAC both delivered my oldest (Nickolas now 30) child, in the clinic! Then a few years later hired me at the clinic as the first unlicensed staff to do back office work with Mike. This was the first experience in the medical field for me and 30 years later I still love being employed in the medical field! For this I am forever grateful to Dr. Ritter for giving me the opportunity to explore my medical career! Funny thing was my family had moved to Precott in 1995 and stayed for over 10 years and until recently I had no clue he was also living there!!
I only have good memories of you Dr. Ritter....Rest in Peace!! You'll be truly missed, say HI to Mike while your in heaven!!

“ Sending our sympathy to you all. He was called in on my first delivery after it got complicated. Walked in and said 'This is going to be a clean delivery. I've got my white shoes on!' It went quite well after that. He managed a terrible boating accident in the middle of my second delivery on a crazy Labor Day weekend. His careful wording to my father- in-law contributed greatly to saving his life and, ultimately, his marriage. He was a sweetheart. Praying God will comfort you in your grief. “ My prayers are sent to the Ritter Family He was a wonderful Dr. I remember going to him while I was growing up in BHC. He was a very caring Dr. He was always there for you. He worked so hard to get us a hospital (the clinic on Hancock) . I even took my children to him before we moved away. He was very caring and concerned when I ran into a problem when I was having my second child . He wasn't sure if I would make it to Kingman and he was ready to go deliver her in Golden Valley (going by ambulance) . He listened all the way until I was there.. Again, sorry for the loss Ritter Family Violette (Davis) Phillips

“ As someone else said the twinkle in his eye. I knew Doc from the time he moved here from Bullhead. He was always the professional and always had a kind word. We had friends in common and he always took the time to ask about them or tell me if he had heard from them. The airport community has lost a dear friend. My thoughts and Prayers are with the family.

“ I had been going to Dr. Ritter for the past 19 years since I started flying at the age of 16. He was always so helpful and enjoyed hearing his stories. He will be greatly missed in the aviation community. Blue skies and tailwinds Doc.

My thoughts and prayers go out to his family in this difficult time.

“ Gordon was a good friend at ST Louis College of Pharmacy. We both transferred from Eastern Illinois Univ. in fall of 1964. God Bless the Ritter family.

“ Gordon will be remembered as an eternal optimist who never succumbed to negative thoughts or fears. He was a steady leader in the Civil Aviation Medical Association's board of director's...it was impressive to see him come and attend this past year even when his health was marginal. His special twinkle in the eye, a joke or two to lighten things up is what was always expected of this other-centered, caring man. He touched many lives in a positive way. He will be missed.
