“ If I had one word to describe Arlene, it would be lovely. She was simply lovely! 😊 Every visit ir conversation with her left me feeling complete. My daughter was especially fond of her and could often be found in Arlene’s garden helping her tend her many gardens and trees.

“ Arlene was my mentor when i moved o Chino Valley and gave me tips about teaching and substituting , since I just had renewed my unused Utah teaching certificate with an Arizona one. My husband, George got along well with Arlene and they could converse about the Grand Canyon and the Native American people and culture since we had been employed by the US National Park Service. She loved Gardening, animals. and working in her church . We will miss her but know that she is now surrounded with all of her loved ones!

“ *Arlene and I started teaching at Del Rio Elementary School on the same day. As different as we were in our backgrounds and beliefs, she was a wonderful friend. We shared SO many laughs. She taught me to can and preserve fruit, as well as many other things. She was always there when I needed someone to listen. Arlene was a gem.*
