“ Gene was my Father Bill Gill's 1st cousin. I only had the pleasure of meeting him twice but he was very generous and caring about his family. I would love to be notified of a time and place of the memorial service for him and to meet the rest of his family.

“ Gene worked for my father and was a true friend to our family. He was always so kind and a true gentleman. He was the first person to arrive at my father's funeral last year and he spent time reminiscing with mother about their long friendship. We will always remember his kindness and humor. We will miss him, Debbie Franklin Keenan and Ann Franklin.

“ I considered Gene to be a friend of mine although I only saw him when I was visiting Steve and Julie and their kids, Riley and Rae. He was one of the greatest generation whose numbers are quickly dying. Although Gene spoke softly he was truly a man of deep beliefs and strong convictions. He always spoke lovingly of his family in our correspondence at Christmas and never forgot to ask about my mother, Marian Raque, living in Kentucky who he had met at family weddings. He loved Prescott as was evidenced by his never leaving the area or even entertaining the idea. Precott has lost a true hero and I only hope that his grandchildren and great grandchildren will keep his memory in their hearts even now and know that he will continue to look down on their lives and they can still call on Granpa Gene for "help". May God bless your family.
