“ I consider myself rich to have been a part of the Berrett family for 30 years.

Each of you have been a gift and contributed to me in ways that would have never happened had I not known you . I join you in the sadness of your loss but also know Ray gave everyone everything they need to heal and move forward. May peace be with you.

“ We will remember the good times and there sure were a lot of them. It was a good life and I hope with no regrets. Keep riding those mules up in the promise land. Yee haa to you Ray.

“ It was a privilege to know Lester although for a brief period of time.

Prior to his passing, we had discussions concerning eternity and life here on earth.

He reminded me how important it is to "count our days."

“ My son was a brand new employee with the Tribe and he and Ray used to talk about his "new" orange 1974 pinto and my son would say what a very nice man Ray was. Ray would give Zach my son a ride to his car and they would talk about life. I'm so sorry for your loss! I've heard nothing but nice things about Ray. Take care and God Bless!

“ Ray and I worked at Yavapai Casino. Every night that he was working he would drive me to the employee parking lot up behind the casino, and we would talk. Well, mostly he talked and I listened. What a fascinating man! How I wish I had known him longer. My sincere condolences to his family.
