“ My dad and I were sad to hear that Melody had passed. She was a good friend of my mom for many years. She was such a kind sweet lady. May she RIP. Hopefully she and my mom have reconnected in heaven.

“ I've known Mel since 1999 at the VA where we both worked. A kinder, more gentle soul you will ever meet, Mel always had a smile for me and I for her. She would always go out of her way to help you. Occasionally she would appear stressed so I would always stop and talk with her as we had similar jobs at one time. I would give her my input, she would then smile at me and scurry off (she always seemed to be in a hurry). My heart truly aches for the loss, but I am happy she will have people to take care of in heaven (oh, you know that's just what she will do!). You go girl...our loss, heaven's gain.

“ *Mel was such a sweet, kind and gentle person. I worked with her at the VA in Prescott. One morning I experienced a medical emergency at work that required me to be transported by ambulance to the local hospital. She rode along with me in the ambulance to provide comfort and support and stayed with me in the ER until my family arrived. I'll never forget that and will always remember her smile and positive attitude. I was quite shocked to hear of Mel's passing and send prayers to her family. She made a difference in so many people's lives.*

“ John and Vicky Pinkley send their deepest sympathies to the Buckley Family. We both work at the VA. I have known Mel since 1999 when I started at the VA. My husband, John has known her since 2010 when he began working at the DOM. John says that Melody always had a small jar of candy in her desk drawer that was just for him. He says that the jar had his name on it. They had a special connection at the DOM. He was very sad to hear the news of her passing. Heaven now has a beautiful angel with a wonderful smile looking down on all of us.
