“ *Dennis was a phone Santa to my kids, now 19, 20 and 24, calling every Christmas Eve for years, and up until now they had no idea who called them every year! Dennis was always kidding with me, giving me a hard time, but became an immediate friend to me when I started working with Donna at Maidenform in Sedona. He was a man deeply dedicated to his family and friends and I will truly miss him - his smile, his humor and his annual Christmas Eve calls to my kids!! Donna, my heart goes out to but you can be assured that I, for one, have nothing but fond memories of Dennis!!!!*
