“ I cherish the past we shared but miss the future we will not have. I'll never forget the day I received the call that you were leaving this earth. The hurt is the same...like an open wound. There are hours that I don't utter a sound. You were like a rock strong, faithful and true. I was your first born baby girl and was Daddy's little girl. I always loved you...my dad, my shining star. ...now I will worship you from afar. I love you now as I did back then... I just hope...one day we will meet again. Sleep well and take care of all who went before you. I love you with all my heart daddy

“ I have soooooo many good memories of Dad. I honestly can't remember one time when I was mad at him for anything. He was the easiest guy to get along with - it seemed like nothing ever bothered him. Thanks Dad for being a kind, treasured and fun part of my life for 50 years.

“Dad, 6 days have passed since you passed. I cherish the past we shared but miss the future we will not have. I'll never forget the moment I received the call to rush to say goodbye at the hospice Marley House. I missed saying goodbye and it breaks my heart. I was your first born Daddy's little girl. I took my own path but was always part of your world. I always loved you my dad, my star. Now my pain is to worship you from afar. I am so proud of you brave and strong to the end. Now when asked "how are you" there is no need to pretend. Sleep well and take care of all who went before you my precious daddy. May God bless you my shining star...
