“ I first knew Stetson when he was 6 yrs. old. I think his love of cowboy hats & boots came from me as I always wore them everyday of my life. I was a close friend of his mother & father as well as brothers Stephen and Greg. After I left the Marquette Michigan area I lost track of his family as often happens in these frantic times... We spent many wonderful times together in those early years in "da" good Ole U.P. I shall always remember and cherish those times...
